Thank you for choosing to see me at for your outpatient consultation. This letter sets out some important information that I am required by law to provide to you. This is for your information only and is not a bill. As this includes information about my charges, if you do not have private medical insurance but someone else will be paying your bill, you may wish to pass a copy of this letter to them. Please note that even if someone else is paying your bill or you have private medical insurance, you are responsible for paying any charges which they do not pay.

Self pay patients

If you are paying for your treatment or tests yourself, please note the estimate below does not include the fees from the hospital, which will be charged in addition to my fees. You can contact the hospital for further information about their fees.

Private Medical Insurance

If you have private medical insurance, please contact your insurer before your appointment to inform them of your consultation, treatment or tests and confirm this is covered by your policy. In particular, please check the level and type of outpatient cover you have, and whether you are liable to pay a top up fee if your insurer does not cover my full fee. Please also check that the hospital's fees are covered, which are charged in addition to my estimated fee below.

Fee estimate

Fees for initial appointment are no more than £250. Fees for follow up appointments will be no more than £200.

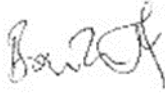

This estimate is correct as at the date of this letter.

Following your consultation you may need certain tests (such as blood tests or imaging, for example an X-ray, MRI or CT scan) to help me diagnose your condition. If the test is undertaken by the clinic or hospital, and not by me, the fees for those tests will be determined by the clinic or hospital and charged to you, or your private medical insurer, separately.

Quality Information

You can compare independent information about the quality of private treatment offered and other private healthcare providers from the Private Healthcare Information Network (PHIN) website: www.phin.org.uk

Yours Sincerely

A handwritten signature in black ink, appearing to read 'Bassel Zebian', written in a cursive style.
